General terms

All prices excluding VAT.

Charging event transaction

The invoicing of varying fees for charging is based on the applicable tariff per kWh. The charging event starts if the vehicle is connected to the charging station and the driver has authenticated at the station. The charging event ends when the vehicle is disconnected.

All rates excluding VAT, subject to changes and errors.

In order to improve the availability of chargers, a blocking fee of 0.10 € / min will start to be applied to vehicles that remain at a charge point for a longer duration than 2 hours. No time-based fee is applied to charging sessions shorter than 2 hours. The blocking fee will be enabled in the near future but is currently not in effect as of the release of this price list, on December 16th 2024.
