WORK EXPERIENCE

TruckEast >>

WHY WORK EXPERIENCE?

Thinking about your future career can seem so far away and for many people the idea of knowing what you want to do can seem daunting.

Taking place in work experience can offer so much and open doors to your future. So what can you gain?

BOOST YOUR CV

Stand out from the competition with an addition that shows willingness to learn and develop.

GAIN WORKPLACE SKILLS

Get experience in a real life environment. Learn transferable skills such as teamwork, communication and use of initiative - all key skills that are highly sort after.

BUILD YOUR NETWORK

Make new friends and grow your network - you meet and work alongside people that could be the source of future employment opportunities. It's not always what you know, but who you know.

OPEN DOORS

It's a big step into your future, as very often work experience can lead to an apprenticeship. After all, if you like us and we like you, your chances are much higher than a complete stranger.

TEST US OUT

One of the biggest benefits is finding out not only if you are the right person for us, but are we the right fit for you!

You see first hand what it's like to work somewhere without committing yourself to a role, sector or business.

WHY TRUCKEAST?

You're probably wondering who we are and why would you want to get experience with us?

Well to start with, we're one of the UK's largest independent commercial dealer groups! We have 13 branches across seven counties and represent the Scania brand with services including:

- Selling new and used Scania trucks
- Maintaining and fixing all makes of truck and trailer
- Accident repairs and paintwork
- Selling parts for Scania trucks

**Don't just think it's about fixing vehicles.
We can offer work experience in other departments too!**

PARTS

BODYSHOP

But a career at TruckEast is not just a 'job in a garage'.

Our promise to our customers is to keep their business moving.

With over 400 staff we are committed to excellence and this means building for the future. Each year investments are made in our premises, equipment and most importantly our staff to ensure we can deliver on that promise.

We operate in an industry that never sleeps, one that is at the forefront of technology and that offers a fast paced and exciting environment.

**The future is exciting,
and it starts with you.**

WHAT YOU'LL DO

TruckEast offer 1-2 week placements where you'll gain hands-on experience in a leading Scania dealership.

Quite simply, you'll meet lots of people, find out what it's like to work in the commercial vehicle industry and hopefully pick up new skills along the way.

- Get hands-on experience in a workshop environment
- Shadow and learn from experienced technicians
- Get to see how a truck works and all the components involved in maintenance
- Learn basic diagnostics using laptops and specialist software
- Get an insight into business operations

IT COULD LEAD TO BEING ON OUR APPRENTICESHIP SCHEME.

“Work experience gave me an amazing head-start to my career, it's really showed me what the role would be like. I would certainly recommend it to anyone; I've loved it & the people are lovely.”

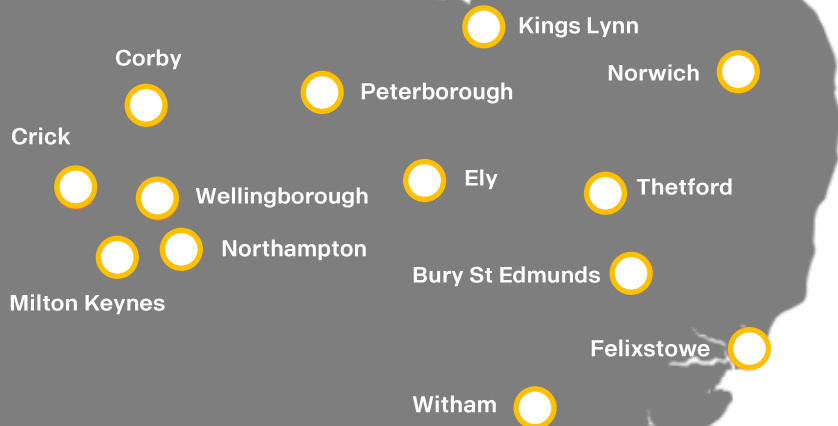

Reece Harris
Apprentice

WHAT YOU'LL NEED

No previous experience is required. That's what we are here for. However, there are a few things we'd like from you.

- An enthusiastic approach and eagerness to learn
- Be open to opportunities
- Enjoy hands-on learning
- 16 years of age or over (necessary for workshop related experience)

INTERESTED?

With work experience you might discover a passion for what you want to do in life, which is probably the best start to a career you can get.

We've got 13 branches across East Anglia so why not give the world of automotive a try!
