

CONNECTED SERVICES

PRICING MATRIX – JANUARY 2023

TECHNOLOGY IS ALWAYS THERE FOR A REASON.

Every Scania we've put on the road in the last decade has been full of smart technology, advanced sensors and wireless connectivity – which means that we have hundreds of thousands of constantly Connected vehicles and engines in use, all over the world today.

THE REASON: DATA

There's frankly no better way to improve something than analysing its real-world usage. Something that's true for your business too.

DID YOU KNOW?

Every Scania since 2011 is equipped with a Scania communicator, with no roaming charges or additional SIM plans needed. **No added hardware, no added fuss.**

Activate remotely and with an arm of dealers providing 24/7 assistance, you can have peace of mind, one byte at a time - that's the **unique Scania value.**

T&Cs apply. Prices exclude VAT unless otherwise stated. Prices may change at time. Additional charges may apply. All products and services are subject to availability. The agreement is for a fixed term as defined in the main contract, following which 1 months notice to terminate is required. For full terms and conditions of sale, Connected Services and Warranty, please visit: <https://www.scania.com/uk/en/home/admin/misc/legal/business-with-scania.html>
