## CLASSIC CORE

**Vehicle maintenance and Connected Services**  
Vehicles 5 years and older

### Services included:

- Scania Guardian
- Flexible Maintenance
- Access to Scania Classic Fixed Price Repairs

### Scania Guardian

#### Insights for Proactive Repairs and Improved Productivity Management

Vehicle data, analytics and smart insights are key for proactive maintenance and repairs within the Scania Classic packages. Through the combination of always-on connectivity, real-time health monitoring and long-term analysis of component wear and replacements from hundreds of thousands of connected Scania vehicles – our algorithms can predict so you can choose to replace before failure, reducing the risk of unplanned stops.

#### Health-Monitoring

Real-time deviations proactively flagged to your home dealer, helping act on unforeseen issues. Including critical fault codes and warning lamps.

#### Recommended Renewals

Recommendations for the renewal of uptime critical components, before they become a problem, with consultative advice from your home dealer.

*Scania Guardian is available for NTG vehicles equipped with an operational C300 Scania Communicator and running software version 1.10 or later. The full push of diagnostic trouble codes are only available with software version 2.1 or later, please speak to your Scania representative.*

### Flexible Maintenance

With flexible maintenance, the data from your vehicle, its specification and operational circumstances, ensures that the right maintenance is performed at the right time, avoiding unnecessary down-time.

Through connected data we know what is required and when, and we will notify you in good time so we can schedule a visit that suits you and your operation. The vehicle's maintenance schedule is continuously updated using live data, so we can ensure it receives the maintenance it needs, no more and no less. Having this insight allows us to ensure the right parts are in stock and we have technicians available for the required time so what you experience is a seamless service.

*Flexible Maintenance is subject to a working communicator please speak to your Scania representative.*

### 2 Years Fitted Parts Warranty

Any part supplied and fitted by a Scania workshop is covered by our 2 year fitted parts warranty.
